

K-HIIN Participation and Data Submission Milestones

K-HIIN is providing an incentive program for participating hospitals. The purpose of the incentive program is to encourage hospitals to submit data in a timely manner and to reach the goal of 20% improvement in outcome measures and 12% reduction in readmissions. Hospitals that already have very good outcomes will receive support for sustaining their excellent work. The funding should help offset financial burdens to your departments for engaging in increased data submission and/or support additional resources for quality improvement. Participating hospitals have the potential to receive a maximum of \$4,050 in incentive funding over the course of the project.

Hospitals submitting outcomes and process measures for all applicable KHIIN measures by the data submission deadlines will receive financial incentives. Additionally, hospitals achieving improvement goals in 50% (or greater) applicable participation areas will receive incentive funding under Milestone 4 in Year 1 and Milestone 7 in Year 2.

Year 1

	Milestone 1 Completion Date Dec 31, 2016	Milestone 2 Completion Date Jan 31, 2017	Milestone 3 Completion Date April 28, 2017	Milestone 4 Completion Date Sep 1, 2017	Total Funding
Meeting Deadline	Signed Commitment Form Submitted to K-HIIN \$450	Baseline Data Submitted for all applicable KHIIN measures \$450	Monitoring Data through February 2017 Submitted (Exception- Readmissions through January 2017) for all applicable KHIIN measures \$450	Monitoring Data through May 2017 Submitted (Exception- Readmissions through April 2017) for all applicable KHIIN measures \$450	\$1,800
Improvement Goal				Hospitals Achieving Improvement Goal in 50% of all applicable KHIIN measures \$200	\$200

Year 2

	Milestone 5 Completion Date Jan 19, 2018	Milestone 6 Completion Date June 8, 2018	Milestone 7 Completion Date Aug 17, 2018	Milestone 8 Completion Date August 17, 2018	Total Funding
Meeting Deadline	Monitoring Data through October 2017 Submitted (Exception- Readmissions through September 2017) for all applicable KHIIN measures \$450	Monitoring Data through March 2018 Submitted (Exception- Readmissions through April 2018) for all applicable KHIIN measures \$450	Monitoring Data through May 2017 Submitted (Exception- Readmissions through April 2017) for all applicable KHIIN measures \$450	Complete Fellowship Program \$500	\$1,850
			Hospitals Achieving Improvement Goal in 50% of all applicable KHIIN measures \$200		\$200

The greatest value of submitting data on a monthly basis is the opportunity to improve your outcomes. It is very important to have hospital level data submitted each month in order to evaluate K-HIIN's progress in real time and provide effective education and technical assistance.
